The Board of Aldermen reviewed the consent agenda which included minutes from the May 9, 2019 meeting, April financials as well as bills payable. However, since there was not a quorum, no vote was taken. A special meeting for reviewing bills payable and other important matters has been scheduled for Tuesday, May 28, 2019 at 5:00 p.m.

Mayor Long opened the floor to open forum:

- The VFW has requested to use the 4-way and 3-way stop for selling poppies on May 25, 2019 from 9 a.m. to 11 a.m. The Council is unable to approve this request however other organizations have used the 4-way without prior permission. As long as they do not cause any safety concerns, there shouldn't be a problem.
- City Attorney Michael Williams asked Jackie Pangborn if she had heard back from the Attorney General regarding Sunshine Law training. Ms. Pangborn stated she has called and emailed several times regarding the latest start time this training can happen, and she has yet to hear back from them.

Public Works:

- Bids for a new bucket truck have been received. Alderman Moss asked Kerry Lee to check the state bids before a decision is made.
- The current bucket truck is in need of repair. Three quotes have been received but unable to vote. This will be added to agenda of Tuesday's Council meeting.
- PeopleServices (PS) has broken down why there was an increase in chemical cost. A few years ago, the water plant was using approximately \$100,000 per year in chemicals. It was then reduced to \$50,000 per year as there was an overage of supplies, changes in the way things were done, etc. The lower amount was the figure that PeopleService used to estimate costs, however, during the process of getting the water plant back up to speed, it was determined these costs were underestimated. PS will be going out for quotes for chemicals in the future.

Nuisance Committee:

- Chief Wheeler stated since the city-wide clean-up is now over and the weather is warming up, the Police Department will start enforcing now. The dangerous building ordinance is in place now as well.
